10. LIAISON In followup of his earlier request and based upon the advice of the Intelligence Community Staff and NIO/SEA, I adviced John Watson, GAO, that we would have no comment on their report "The Seizure of the MayaguezA Case Study of Crisis Management." In line with previous arrangements with Watson, he said there would be no mention of our review in the report itself. The report was returned to Watson per his request. 11. LIAISON Called Hugh Strain, GAO, and he advised that there was no need to return the GAO report "Process for Identifying Needs and Requirements for Weapons Systems for DOD" which had found its way to the Soviet Union and which he had transmitted to us for possible interest. (See Journal Item #2, 17 March 1976) 12. LIAISON Spoke with Chairman Lucien Nedzi, Special Subcommittee on Intelligence, House Armed Services Committee, concerning legislation which could adversely affect our security situation if it required the public identity of our employees in connection with financial disclosures. 13. BRIEFING Spoke further with Mike Van Dusen, Subcommittee on Investigations, House International Relations Committee staff, in connection with the current intelligence briefing of the Subcommittee on the situation in the Middle East with emphasis on Lebanon.
